GET GIN!

The g&t is currently the in-style crowd-pleaser. A beverage infused with Indian history. The British East India Company is the story. Around the early 1800s, India utilised quinine on a daily basis to combat malaria. But because it tasted harsh, people quickly combined it with sugar, lime, and water to make it easier to drink. They even added a shot of gin to enhance the experience. Thus, the gin and tonic was created and is still in use today.
